“ I am heart broken to learn of Sara’s passing. Sara and I became friends through my grandmother Lillian. Lillian and Sara were room mates at Manor Care. She was my grandmothers angel here on earth and they loved each other dearly. One of their fondest memories is when they would have their own private pretend betting on the horses and watch the races together. After my grandmother passed away I could hear how much Sara was missing my grandmothers presence. So I made her a Derby hat with flowers that remind me of my grandmother. When I gave this hat to Sara it lifted her spirits and she knew that she would not be alone for anymore races 🥰

*RIP Sara. You and gram have fun betting away on the horses!*

*All my love, Lisa (aka your “adopted daughter”)*

*I have included some very dear photos of Sara. She was a very special lady and is missed dearly.*
